January 20, 2011 Program: Proposed Adoption of 2009 ICC Codes

We apologize for missing our goal of having the Badgeraire out well in advance of the each month’s meeting. In the press of daily business, sometimes volunteer activities take a back seat and when that is complicated by seasonal illnesses—well, we sometimes miss. Here is a description of what took place last Thursday.

Randy Dahmen, PE, and Commercial Building Inspector, Code Consultant & Plan Reviewer for the WI Dept. of Commerce, Safety & Buildings Division will provide a discussion on the WI Commercial Bldg Code for the Chapter on Thurs Jan. 20th, 2011 from 12-1:30 pm in the Todd Wehr Auditorium at MSOE. He will address proposed changes on the IECC/IMC/IFGC as based on the proposed adoption of the 2009 ICC codes w/WI amendments, with emphasis on the 2009 IECC.

2011 CRCC (Chapters Regional Conference) in Green Bay April 14-16

Details and registration forms are now available. We invite members of our chapter to help the Northeast Wisconsin Chapter make this year’s CRCC as successful as the 2010 event that we sponsored. See the back page of this newsletter for details. You may check out the Northeast Wisconsin Chapters plans in even more detail at http://www.newisconsinashrae.org/.
President's Column
Happy New Year and I hope everyone had a safe and wonderful Holiday with family and friends. With the start of 2011, this marks the approx. midway point for the ASHRAE year and gives me an opportunity to reflect on how the first half has gone. The one observation that I have noticed is that our attendance is slightly up for the Chapter meetings from the year before. I hope this is a reflection of the meeting topics and the promoting of new members from our existing Chapter attendees. With this second observation in mind, January will be our Research Promotion Night which among other things, provides an extra incentive for Chapter Members to bring a non-member. More details can be found within this Newsletter.

Our December Holiday Party held at Mo’s Irish Pub in Wauwatosa was well attended and turned into a very festive evening. Thank you for all that attended and made the night a success. The upcoming January meeting will be our annual Wisconsin Building Code Refresher with Randy Dahlman of the Wisconsin Department of Commerce. I would encourage anyone interested in learning about the code changes to attend this event.

Please feel free to contact me or other Board of Governors members with comments or questions about our Chapter.

Membership
We continue to update the member’s information. If your information has changed (for example: emails, work place, address, etc.), please either contact us or you can change it online. To change your information online go to www.ashrae.org, go to the “Members Tab” at the top left, click on “Manage Membership”, and finally click “Address Change” in the center of the page. This will lead you to the link and you can update your information. Once again, if you send us your updated information, we are happy to take care of this for you, but we ask that you provide us with your member number, as that accelerates getting things changed.

We are always trying to add new members to keep our chapter growing. Please encourage your work associates to consider joining our chapter if they are not members. Applications for new members can be filled out on line at www.ashrae.org, or I would be happy to email you an application. If you sign up online be sure to select the “Wisconsin” ASHRAE chapter so you are assigned to the correct local chapter. Please contact Jeff Weis at jweis@mastershvac.com if you need an application.

Current Members: 396
Student Members: 45
Delinquent Members: 21

Plus something on the cover like “January is Membership Promotion Month. We encourage all members to bring a guest to the meeting. For every guest you bring you will be given a chance to win a $75 gift certificate”
