WINTER REVIEW

We had a lot of great events over the last couple of months including our monthly chapter programs, a visit to the State Capitol and January social, Special thanks to our board for making them happen.

On March 5, representatives from all four Wisconsin Chapters attended the second ASHRAE outreach day at the Wisconsin Capitol. Members hosted informational sessions where elected officials and staff from more than 30 Congress and Senate offices attended to learn more about ASHRAE and its mission. Members also scheduled some personalized visits to provide more flexibility to elected officials who were not able to attend.

The main message was centered on ASHRAE 90.1 (Energy Standard for Buildings) and the benefits of adapting energy codes to the latest edition. Other topics discussed included the working relationship developed by the City of La Crosse and its local Chapter, research activities in collaboration with University of Wisconsin-Madison, climate issues, and indoor air quality.

Members motivated the audience with a welcoming open discussion, and received feedback about legislation timelines and how to improve outreach activities in local communities.

UPCOMING EVENTS

ALL OF OUR EVENTS ARE GOING VIRTUAL AT LEAST UNTIL JULY 1ST

Due to the COVID-19 pandemic the ASHRAE Wisconsin chapter postponed the March and April chapter programs. The in person distinguished lecturer speaker series has been postponed until July 1st. Please see the ASHRAE-WI website for updates on from the chapter.
